Dear Parents and Carers,

Year 11 Booster Sessions

As we prepare to move into the summer exam season, we have looked at how we can best support students over the coming weeks. Starting this week, PE and PSRE lessons have been replaced on Tuesdays and Fridays with independent revision sessions. Students have been asked to ensure that they bring revision resources with them for these lessons so that they can utilise their time effectively. For students who would like to continue to take part in PE, practical activities will continue to be supported by members of the PE Faculty. Normal PE kit will be required.

In addition to the above, and to aid readiness for each exam, we will be altering the Year 11 timetable from Monday 6th May to enable subject teachers to see their groups before each exam. For example, if students have an exam in the afternoon, they will have additional time with their subject teacher either the morning of the exam or the day before for a 'revision booster'. These sessions will be an opportunity to go through last minute revision and exam technique reminders, whilst also offering students the opportunity to ask questions and seek advice. When the revision booster sessions are scheduled, students will be expected to attend these instead of their normal timetabled lessons. The revision booster timetable for the remaining three weeks of Term 5 is outlined below. Students will be reminded of where they need to go each day during AM tutor time.

As previously communicated, students will be expected to attend school every day until May half term. After half term, students will be able to attend school and lessons around their exams if they wish to, or they can choose to remain at home to revise. Within school, Year 11 teachers will be based in their teaching rooms as per their normal timetables, which means students can attend for ongoing support with revision and exam preparation. We will also be providing a quiet, staffed study room (library) so that students can revise in school should they have a break in between exams and cannot get home easily.

After half term, students will be expected to sign themselves in and out of school if they intend to stay on school site after their exams or attend additional revision sessions. Students will be asked to sign in at reception. It is also important that students arriving for exams or lessons continue to where their full uniform, whilst on site.

A reminder from the PE department, if your child has any unwanted Sheldon branded or unbranded PE items, please hand them to your PE teacher or drop them to the PE office, so they can be reused by the department.

We want to take this opportunity to wish all our Year 11 students the best of luck in their exams. We hope they are encouraged to be brave and are motivated to work as hard as they can over the next few weeks so that they can strive to become the best version of themselves.

Best wishes
