Sixth Form Weekly Notes – Monday 13th June 2022

Week 2

Key messages:

Please remind your parents about the Post-18 evening – Tuesday @ 6pm in the Study Room. We are being joined by speakers from ASK Apprenticeships and Bath University as well as our own school counsellor, Julie Strauss. You do not need to come, it is for your parents.

We have open events for prospective new students and their families on the mornings of 27th and 28th June and in the evening of June 29th. If you are able to help out with tours etc please attend a meeting with Mrs Owen on Mon 13th June in the Diner during pm registration.

Obviously A Level exams continue for Yr13 and some Yr12 will have resits to do so it is vital that the Study Room is near-silent to allow studying to take place. **You should not be sitting / playing on the field during study periods, you should be studying!** In most subjects, term 6 is the start of year 13 content and you cannot afford to waste this time. **Using your study time effectively now will make your life easier for the next year.**

If you have still confirmed your plans for the w/b 4th July please do so with your tutor this week.

Community, mentoring, volunteering etc:

In Kington Langley the Parish Council have recently carried out a climate action survey with the village. One of the possible actions is to thermal image houses so that villagers can see what action they need to take to prevent heat loss and energy waste. Councillor Graham Watson has asked if Sheldon pupils would be interested in helping carry this out this winter. Training would be given and teams organised. This would not involve going into houses. **This would be Y12 and 13 probably. Please let your tutor know if you are interested.**
